## APPLICATIONS

### E-Betz

<https://github.com/Jcabs14/E-Betz/> | <https://ebetz.herokuapp.com/home>

- E-Betz is an application which is used to bet on live matches for video game tournaments. A user is able to sign up with an account and will start with 10,000 credits. Once signed in a user can find live matches and bet on teams that are going to play
- Tools / languages used: React, Node.js, Express, MongoDB, Google Strategies, Visual Studio Code, PandaScore API

### FUZE

<https://github.com/Jcabs14/Fuze/> | <https://fuzeteam.herokuapp.com/signin>

- Fuze is a group project created from a love of video games of all members. The purpose is for a user to create a team based on roles for the game Overwatch. The UI was created using Bootstrap, Javascript, and Handlebars.js. Passport is used for user authentication, which won't allow a user to use the application without signing in.
- Tools / languages used: Bootstrap, Javascript, Handlebars.js, Passport, Visual Studio Code, Overwatch API

### GIPHY Searcher

<https://github.com/Jcabs14/GiphyAPI-Application> | <https://jcabs14.github.io/GiphyAPI-Application/>

- Giphy Searcher is a web application where a user can view GIFs based on their search results. The search result will create a button which the user will click to view the GIFs. The application grabs the GIFs using the GIPHY API.
- Tools / languages used: HTML5, CSS, Javascript, GIPHY API

## EXPERIENCE

### Recreational Supervisor / Teen Leadership Lead

Sept 2018 – Aug 2019

#### YMCA of Greater Seattle

Auburn, WA

- Assist with planning and implementing programs in accordance to goals and policies of the YMCA of Greater Seattle. The planning resulted in improved participation and improved attendance.
- Provide guidance and protection while being a positive role model to over 30 children. Which resulted in improved behavior and grades for students.
- Observe behavior and social interaction between program participants and intervene when conflict arises and deescalated using appropriate verbal strategies, resulting in a decrease in escalated behavior.
